

**Agreement on Cooperation
Between
High School Grazia Deledda
And
The Experimental High School Attached to Beijing Normal
University**

During the visit Grazia Deledda High School delegation at the Experimental High School Attached to Beijing Normal University, some points have been discussed with great common interest:

1. the importance of teaching Chinese in Italy and Italian in China.
2. the importance of international language certifications, such as CELI for Italian and HSK for Chinese.
3. the importance of having a better understanding about the respective culture and history through exchanges.
4. the importance of students participation in international events, such as the World Heritage Forum and Gemun.

Based on the discussion, the two schools have decided to reach the following agreement.

In order to promote continued friendship and cooperation between China and Italy, deepen cultural and educational exchanges between the two schools, broaden cultural horizons of the teaching staff and students between the two schools and elevate mutual educational quality, The Experimental High School Attached to Beijing Normal University and Grazia Deledda High School enter into this formal Agreement of Understanding for the purpose of academic and educational exchange and cooperation:

The two institutions have found it mutually beneficial to initiate cooperative activities in the following areas of mutual interest

1. The two institutions will cooperate together to improve the learning of foreign languages in respective countries.
2. The two institutions will make mutually suitable arrangements for the exchange of visiting staff and students

3. The two institutions will carry out the exchange programs in the area of specialties, curriculum, teachers' development program.
4. The two institutions will seek opportunities to cooperate in cultural research. (For an example, both side can device the activities such as "Friendship Week" or "Cultural week")
5. The two institutions will exchange publications, year books and school newspapers when possible and appropriate.
6. The two institutions will periodically review the agreement and make any possible change based on mutual negotiation and consent.

This agreement has been reached by the two schools on October 27th 2006 in Beijing. Each school keeps one copy of this agreement.
